

Fund Raising

As many of you will know the Club was the recipient of a \$20,000 grant from the ASB Community Trust. This was applied for in 2007 but we were only notified of the result last year.

This allowed us to replace the downstage lighting bars, install a number of new dimmer packs and purchase six automatic colour changing lights. The planning work took some months and the system was installed in August last year, in time for the Producers.

I would like to thank both Jansen's and Des Hudson for their hard work on this project.

As I am sure many of you will appreciate, funds are harder to find in the present economic situation however this should not stop us looking for opportunities even if they are less ambitious than this last project.
